

Among The
Most respected
wood sealers
on the market!

10 Best Reasons To Insist On Ready Seal...

- ◆ This semi-transparent oil sealer is available in eight deep, rich “neighbor-impressing” colors. Ready Seal gives your wood soft, natural color with no sheen.
- ◆ Ready Seal does not ever form a film or coating. You can scratch the surface of without damaging the appearance of the finish because the color and protection are deep down inside the wood.
- ◆ Ready to walk on in as little as 15 minutes!
- ◆ Environmentally-friendly formula that contains almost no ozone-depleting properties.
- ◆ Ready Seal’s inert paraffinic oil does not contain any sugars or starches (like mineral oil or vegetable oil sealers) that could promote the growth of mold, mildew, or algae over time.
- ◆ Lasts 4 - 5 years on vertical surfaces and 2-3 years on horizontal surfaces.
- ◆ Fully penetrates dry wood without leaving any coating, so your deck or fence looks completely natural. Never shows runs, laps, sags, or streaks like other sealers.
- ◆ Does not have to be stripped off before re-applying. Simply wash the deck gently and re-coat.
- ◆ If you ever do have to strip Ready Seal off, it strips easily with ANY available deck strippers.
- ◆ Priced competitively, too!

...The Pro’s Choice!

Ready Seal has been featured in Wood magazine.

Break-Through Technology In Wood Care!

Do something amazing.®

NEW WOOD DEFENDER™ - Protects Wood During First Year of Weathering

- ◆ Apply New Wood Defender to reduce moisture, damage, splitting and warping during 'Year One' weathering stage. After 6 - 12 months, finish is depleted and a durable sealer can then be applied to the wood.

FLOODPRO® SUPREME PERFORMANCE - Wood Finish for Exotic Hardwoods

- ◆ Superior penetration for "inside-out" wood finish protection. Penetrates deep into wood.
- ◆ Enhanced durability on challenging wood surfaces
- ◆ For use on all new and weathered exterior wood surfaces: exotic hardwoods, cedar, redwood, and pressure-treated wood
- ◆ Nano-technology creates deep penetration, just like the finest oil sealers.
- ◆ Long-lasting beauty

FLOODPRO® SPA-N-DECK® 100% ACRYLIC WOOD FINISH - Premium Coating for Wood

- ◆ 100% acrylic exterior wood finishing system
- ◆ Lustrous, premium wood coating makes floors virtually 'splinter-proof'
- ◆ Apply to new, damp wood. Clean and coat in the same day

FLOODPRO® SOLID COLOR DECK & SIDING FINISH - For High-Traffic, Durability

- ◆ Guaranteed 15 years on wood siding and 5 years on wood decks.
- ◆ Oil primer and acrylic wood finish in one
- ◆ Mildew-resistant finish
- ◆ For use on all exterior wood surfaces plus stucco, T1-11, and fiber-cement board

FLOODPRO® COMPOSITE WOOD CLEANER

- ◆ Ideal for removing tough stains from composite wood surfaces. The only product of its kind.
